1. Write. Cataclysmic goodness, cataclysmic wrath, cataclysmic events of cataclysmic proportions which brings an end to many things, many things permanently, and many temporarily, and establishes new ways and means of seeing Me as who I am for what I am.

I love you. And the trail of sorrows has just begun for some, for many rejecters—and the doors of opportunity greatest, magnanimous, open for so many.

2. Of Me, of Me, see Me in the cataclysmic events taking place, now, now, and in days to come—shortly—allowing My wrath to penetrate bastions of evil—and impenetrable-thought arenas of long standing crime—against Me.

3. Outward circumstances and reflections are often wrong and rankle the ire and emotions of the surface-only viewers, not looking beyond the visible to see Me so clearly.

4. Impounding My assets and diminish—liabilities who don't even know who they are—duped into submission and servitude and perpetrating lies, untruth, disturbing penetrators of not Me, into the unsuspecting and often naive. Woe to those whom those things come through. Better a millstone Ted.

5. But in the greatest catastrophes are the greatest opportunities to stand, see, and reveal Me—for so many have not been looking My way, but they will, and open to Me they will, through My houses of prayer—freedom centers who promote people to know Me in freedom and exuberance and emotion-filled intimacy with Me.

6. I love you. Many things are settled and you're one of them. You're settled in your course of who I am, who you are, and what I want you to do. You've settled that I will lead and you will follow, as you follow you lead.

7. It's inevitable and inextricable Ted. You, in your followership of Me, lead followers to lead, and leadership is birthed through your followership that is leadership, leadership really, really Ted.

Birthing forth the leadership explosion in Me you are, you do, you will, you do now—even yet seeing and yet to see student 1 or faculty 1, or team or technology from My hand pouring into you, as fast as you can receive them.

8. I gave you My words, I gave you Me, and now I give you My body, for I trust you, I trust you, I trust you deeply, intimately, exuberantly, and My actions show it and reflect Me in all that happens now, who all I bring you to 'learn teach—teach learn,' and develop proper models for maximum learning in shortest possible times—exuberancing and emotioning My who-will-seek-Me deeply—unashamedly, doing all for Me, with Me, at My knee, instead of getting a few words and doing without Me—laboring, laboring, laboring—as brick-making without straw.

9. You haven't seen anything yet, like you are about to see. Cataclysmic events of My proportions bursting open bastions of not Me—for Me—and My words coming forth in crystal clear clarity to the discerning. Let him, let all who have ears to hear, hear the Spirit of Me speaking as I speak so clearly.

10. Such great opportunities beg—coming to My people to be seized, in the coming days, days, not months and months—days, days, days, hours, moments, minutes, and those whose total reliance is on Me completely will see, hear, and discern, to feel Me, and become Me, transposing symbols of Me for the real.

11. I love you and I rain on you now, on your spirit, on your emotions, and I teach mightily through these words—you—and so many who come through you—your loins—birthed through your spirit of surrender, submission, and leadership—obedience chosen, acted upon, rewarded.

12. Great testing still comes—yet life endures. I endured the Cross, and you will too—your cross—only yours—testing, tempting, trials, victories, triumphs, rewards. I love you. I love you. I love you.

I come, I called.
You received, you listened, you matured.

13. Tell My anxious ones to rest in Me and placid be, on My crystal sea, with Me—beside them, in them, before and after them—embracing them, holding them, leading them, empowering them, seeking their submission to seek their leadership—one.

14. I love My anxious who panic some, fear some, and anxiously await My next steps directed to obediencing. Rest in Me, rest in Me, rest in Me. Enjoy every moment of every day in My presence and deep intimacy of knowledge of Me—operating in their craft, sharing with their family and friends and making maximum use of rest time in Me, relaxation time in Me, restoration time in Me, hesitating not to stand, sit, walk, and let Me be Me more each waking hour, to penetrate every veil, and scepter-ize them. I love you. I love you. I love you.

15. I rain. I reign. I water My troops—as they, you, ready for battles royal, criticism, concern, concerned for My wounded coming.

16. Much to do—the calm before the storm.

17. All fronts are ready—aimed, and fired.

18. My fire is now stoked in My ready and stokable.

19. Enjoy Me, every day, every day, every day.

20. Emotions do not, can not rule. Doubts and fear, give no place.

21. Opportunity all—is in Me. Rest in Me, My timing, My maturity, for you, called, accepted, chosen, and now rewarded in fields of battle representing Me.

Thank you, thank you, thank you.

I love you.
